Detailed description of project						Type of services provided		
<p>The goal of „REA“ project is to organize synchronized regional campaign in the next two years, trough exchange of experience, knowledge and mobilizing all major players including citizens, so to join strengths and influence decision makers to put environmental issues as priority.</p> <p>Politicians of the Western Balkan are still not recognizing environmental issues as a powerful tool for 'soft diplomacy', faster EU integration and economical development, which will bring social stability and better life quality for the citizens of Western Balkan. Partners of REA project are sending the message that environment doesn't have administrative borders, political party colors and only trough partnership; understanding and adapting our laws we can make big positive changes on national and regional level.</p> <p>Project site is www.bellsmovement.org</p>						<p>Consultancy (environmental governance, Environmental EU accession, related)</p> <p>Training, Lobbying techniques, Campaigns , survey</p>
